Ms. Karen McCullough, Director
Albuquerque Fresh Eyes
Photography

Dear Ms. McCullough:

I want to take this opportunity to thank you for your outstanding program and the dedication to working with our clients.

It has been my pleasure to observe the clients participating in the Fresh Eyes Program. I have seen them mature in the process and develop an aura of self confidence in the process of attending your group. These clients come from extremely dysfunctional environments which foster low self esteem. Your program affords them the opportunity to demonstrate self expression through their photographs.

The patience you and your staff have in teaching and directing the clients is exemplary. The development of the client's skills with all aspects of photography is remarkable. I think the end product of their portfolios is gratifying to the clients in so many aspects.

I would highly recommend your program to anyone who is interested and would be happy to talk to them regarding the success it has been in our institution.

If you need any further information, please contact me.

Sincerely,

Elisabeth Endean, M.A.
